

PROGRAM OUTSIDE MUNICH

Not only Munich has to offer a lot of possibilities but also its beautiful surroundings. We can offer you different full day activities to get in touch with the amazing landscape and sights outside Munich.

Classic Car Rallye

Beautiful Classic Cars collect the guests at the hotel. According to size of the group, time available and your preferred destination we develop your individual road map for this memorable trip! Destinations can be: Zugspitze, Starnberger See, Neuschwanstein castle or many others.

A scenic drive in gorgeous classic cars definitely awaits the group!

They will drive twosome per vehicle and have to stop at certain places mentioned in the road book. The teams have to fulfill several tasks at these stations:

- to shoot a souvenir photo under instructions
- obstacle course
- tire change
- ...

After arriving at the destination, the guests are welcomed with a snack and refreshment and have time to enjoy the place of interest before going back to Munich. And there is of course an award ceremony for the winner-teams of the challenge!

Cruise at Ammersee or Starnberger See

Cast off! The group is divided into smaller teams and each team gets its own boat. Welcomed by a personal skipper and after a short instruction they can start sailing at one of Bavaria's beautiful seas.

Enjoy the fresh breeze whilst being taught sailing tricks and techniques by the skipper!

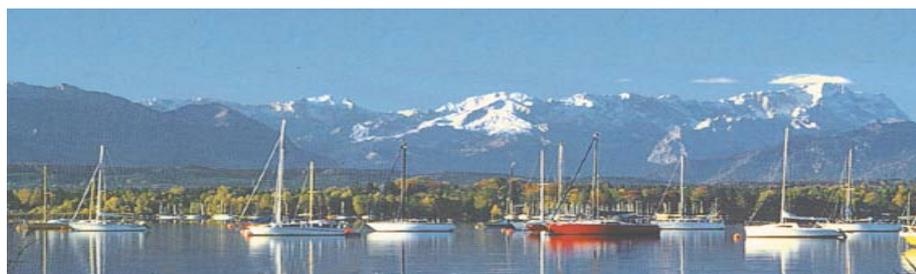

The team members have to work hand in hand, face-to-face interaction is important to show responsibilities, communications and collaborations between all sailors are important to solve maneuvers easily. But all these tasks are also very important for business life and can be trained on this fun sports day in a natural and exceptional atmosphere.

At noon, all boats anchor at the same place to have lunch together. We reserve a restaurant at the waterfront for your group.

After lunch and a recreational break, we start with a regatta competing all teams. Every team can put into practice what they learned mornings. And of course the team with the best tactics and team spirit wins the competition!

Winter dreams

Allgaeu and the Alps are also just within a stone's throw of Munich.

If you're interested in an exceptional winter experience, just ask us! We organize your accommodation, catering, activities and program in an unique atmosphere – make your winter wonderland dreams come true! Depending on the duration of your stay and your personal requirements we

gladly develop a personal proposal for you! Just some ideas...:

Day 1: Arrival and Alpine hut

After landing in Munich, a convenient coach takes the guests to the winter sports resort in the Bavarian Alps.

After a recreational break, the guests are taken to a comfy Alpine hut where they are welcomed by a hot aperitif around a campfire.

Afterwards the innkeeper serves a traditional Bavarian menu and a band entertains the guests with traditional music. Good atmosphere and party are guaranteed!

As a highlight we can offer a toboggan downhill for some Alpine huts.

Day 2: Skiing, winter sports tournament and torch hike

After breakfast we move to the next skiing area. The group is divided according to their skiing knowledge. Skiing instructors accompany and teach the groups.

For lunch, all groups meet at a hut. Meanwhile our team builds up an obstacle course and after lunch the teams compete against each other in a little tournament and the afternoon ends with a award ceremony of the best skiers before return to the hotel.

For those who are not interested in skiing, we have alternative possibilities: what about wellness or maybe a guided snowshoe hike?

In the evening we have a special experience for your group: a torch hike trough the beautiful winter landscape in twilight! Take a deep breath of fresh air, enjoy the landscape in torchlight and watch how the chain of lights slowly moves up the hill. Arriving at the top, an exclusive hut awaits the guests with a

regional buffet, entertainment and lots of fun! If you like, we organize a "Alp-O-lympics" tournament for your group. A lot of fun and in the end you'll definitely know, which team is the best in milking the cow and other disciplines!

Day 3: Departure!

After breakfast at the hotel, our coach brings the guests back to Munich. Depending on departure times we can offer half-day-activities or maybe sightseeing, e.g. Salzburg. Just tell us about your requirements and we will develop your tailor-made program schedule!
